C3S Tube Cleaner

Product Name:
C3S Tube Cleaner

Part Number:
Refer to Conco Standard Size Chart for
C3S Tube Cleaners

Application:
For straight tubed condensers and heat exchangers. A heavy-duty metal cleaner, for all types of deposits, its reinforced blade design make it especially effective for the removal of hard deposits, corrosion and pitting by-products and all types of obstructions.

- Description:**
- Safe, water power tube cleaner.
 - DO NOT USE AIR
 - Constructed of heat-treated carbon steel.
 - Heavy-duty cleaner for hardened deposits
 - Three-stage reinforced blade design.
 - A TruFit™ technology cleaner.
 - Specially designed head to control cleaner travel speed.
 - Size: 7/8" and 1" OD in all BWG's.

Storage Information:
New: Store in cool, dry area.
After Use: Thoroughly wash and air dry.

Auxiliary Equipment Required:
Conco Water Gun, Nozzle, Outlet Hose, Model 200B Conco Pump with Accessories

Determination of Quantity:
The C3S can be used for approximately 12 shots each. Simply divide total number of tubes by twelve to determine required number of cleaners for your application. To increase the overall speed of job, or if planning to clean multiple units, increase the number of cleaners used.
