Type 2 Pin and Collar Plug

**Product Name:**

Type 2 Pin and Collar Plug

Part Number:

Refer to Conco Standard Size Chart for Type 2 Pin and Collar Plugs

Application:

For permanent plugging of condenser and heat exchanger tubes and tubesheet holes.

Description:

- Machined two piece design with matching tapered pin and collar for positive full length seal.
- Two piece plugs are easily installed, safe to use, corrosion resistant, and removable with pipe wrench.
- Available in Brass, Bronze, Stainless, Carbon Steels and Titanium.
- Special materials available upon request.
- Can be machined to your drawing specifications.

Storage Information:

Store in a cool, dry place.

Auxiliary Equipment Required:

Hammer

Determination of Quantity:

Two for each tube or tubesheet to be plugged (one for each end).
